About This Content

Including both the classic staples such as a snake, wolf or rat, as well as unique representations of a mushroom, flower creature or leaf, this gently-colored yet beautiful set is there to help you enhance the storyline of any fantasy world on your map! Whether you're on a lookout for a new enemy rotation or need an inspiration boost for constructing your game's lore, Spirits of Nature: Enemy Pack is a fantastic addition to your growing library of RPG Maker Resources and beyond!

Features:

- 11 side-view battlers.
- 9 front-view battlers.
- All comes in 3 colors (Total of 60 graphics!)
- All comes in shadow or non-shadow graphics.
