Operation Flashpoint is a squad-based tactical shooter video game developed by New World Interactive and published by EA Games. It was released in North America and Europe for PlayStation 3, Xbox 360 and Microsoft Windows on February 18, 2009, and later for PC on March 6, 2009. Operation Flashpoint: Dragon Rising is a tactical shooter video game developed by Danger Close Games and published by Electronic Arts for Microsoft Windows, PlayStation 3 and Xbox 360. It was released on August 30, 2009. The Combat Mission series is a series of tactical and simulation-strategy games based on military conflict, first being released for the DOS-compatible PC and XN-64 platforms. The first game, Combat Mission: Beyond Overlord, was released in 1998. The open source game project Darkest Dungeon is a dungeon management game with roguelike elements, inspired by retro-style dungeon crawlers. The game was developed by Stoic Studio and released for Microsoft Windows, macOS and Linux in August 2016. The Heroes of Might and Magic is a turn-based strategy video game series developed by the Czech-based company Bohemia Interactive. It features two modes of play: solo campaign mode, and multiplayer (both local and online). The series was originally released on DOS, then the X86 and ZX Spectrum platforms, then on the Amiga and Amstrad CPC platforms. Unreal Tournament is a first-person shooter developed by Epic Games, based on UT 2003, Unreal Tournament 2003, and Unreal Tournament 2004 and originally released in 1999 on the PC, and was released in 2001 for the PC, Xbox and the PlayStation 2, featuring new game modes, visual enhancements, online play, and over a dozen game updates. UT2004 was a critical success, and was the second-best selling PC game of 2001 in the United States, behind Half-Life 2. The Unreal Tournament mod series is a series of modifications and add-ons to the Unreal Tournament game engine. UT3 is a full sequel to the original Unreal Tournament and UT2004. UT3 is a mod for the Unreal Tournament game engine developed by Epic Games. UT3 offers new visual content, such as a new character model, new weapons and new game modes. Unreal Tournament 3 Multiplayer Mod (UT3MP) is a modification of UT3, released in May 2006, with a goal of bringing the game back to its original glory. UT3MP features a complete overhaul of the Unreal Engine 3 (UE3) 82157476af
